3 January 1952

Report	from	Room	220,	Week	of	29	December	1951	_	5	January	1952
To:												
From:												

- During the three working days since my return from leave I have done further checking with I & S and Personnel in regard to possibilities for the "Clerical Orientation Day". At this point it would seem that present technical obstacles could be removed were we to decide that the idea is sound. We are at present working out some of the possible course content and when that is completed, will submit it to the proper people for their comments.
- For the rest of this report, attached is a summary of figures from this office for 1951.
